Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Tuesday 22 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rather cloudy with occasional rain Wednesday, although brighter in east.

This Evening and Tonight:
A bright evening in the south and east with some late sunny spells. However cloud and outbreaks of rain across the northwest spread southeast overnight. Low cloud and mist develop over western and northern coasts. Mainly light winds.

Wednesday:
Outbreaks of rain and drizzle mainly affecting the north and west. Brighter and warmer, but humid, in the east with a few showers. More persistent rain arrives in northwest later.

Outlook for Thursday to Saturday:
Bright morning and early afternoon in south and east Thursday, but cloud and outbreaks of rain spreading southeast. Cloud and rain slowly clearing south Friday. Dry Saturday with sunny spells.
